

HOLLYWOOD FILM DAYS

Imagine your teams having to make a 4 minute blockbuster movie! Plan your script, what about the costumes and props, production budgets and who is going to take on what role! You'll have to get going, because the movie is going to be shown at your company Oscar Awards film premier, tonight! If you get it right, your team may walk away with the Oscar for best movie. Maybe one of your actors or actresses will walk off with the best actor/actress Oscar. One thing is for certain, you're going to have a brilliant team day.

"How does it work?"

Each team takes on the role of a film unit. We'll give you everything you need to become the next Stephen Spielberg! You'll need actors as well as film crew, it's down to you and your team to decide who does what on the day.

We'll supply each team with a state of the art Broadcast quality digital video camera, and show you how to make a movie! Full camera instruction is provided.

We also bring our "on site" professional film crew and editing unit in order to edit the films as soon as they are finished. We'll even supply some of our own professional actors to offer advice if needed.

"Can you incorporate even more team building elements into the day?"

Certainly! Making your own Film promotion posters, introduction of film budgets and heaps of other team building elements can be introduced into the event if required.

We can make this event as large or as small as you want it to be. We'll guide your teams through the basics of "Screenplay" "Storyboards" "Special Effects" even stunt fighting. You can use our actors, but we'd rather you did the acting yourselves...we'll be there to help if required. This event really will bond your company together in a mutually enjoyable and refreshingly different style. Each team member will get satisfaction from this event, everybody is catered for!

"What happens after we have finished making the movies?"

At the end of the day, whilst you all relax, we'll be editing your master pieces together with our Hi-Tech on site editing equipment. Each Team can elect a Producer, to sit in with our editor, and explain to him how they want certain aspects of their film edited, what sound effects they would like dubbed on, theme music and titles etc.

"Do we get to see our finished movies?"

Of course! The finished films can be shown at a special Hollywood style Oscar awards dinner in the evening, hosted by none other than Mr Groucho Marx! What better way to stage an awards night and finish off a great day. Alternatively, we can do more of a simple edit on the films, and show them prior to your departure at the end of the afternoon. If you would rather just make films in the morning, and hold a conference in the afternoon, we could have the films ready to show at the end of your meeting. Whatever itinerary you have chosen, we will remain flexible and fit in with you.

This really is a premier Team Building event. However, we will construct the event according to your budget and requirements.

"Excuse me boss...I'm ready for my close up now!"

At last, a team-building event, that genuinely delivers the message of unification amongst the workforce.

Your staff will all know each other very well by the end of the day, and each team will have recognised the worthiness of "working together" can be not only effective, but tremendously satisfying as well.

"Thank you TrueView. You gave us a brilliant Team Day"

"We really loved every minute. I had no idea we had so many stars in the company!" "Everybody has told me what a fantastic time they all had!" Barclay Card
